

Credit for Education Received While in Military Service

Purpose:

The purpose of this policy is to describe the College's credit for education received while in military service policy.

Background:

The College's practices in this area were reviewed by the Academic Senate in Spring 2002. The Senate's recommendations were submitted on February 4, 2002.

Policy:

Upon submission of official service documents and certificates, the Admissions and Records Office will evaluate all educational experiences undertaken during military service in accordance with the credit recommendations of the Commission on Accreditation of Service Experiences and the Guide to Evaluation of Educational Experiences in Armed Forces. The Admissions and Records Office will transmit its evaluation and recommendations to the relevant discipline for action as to the amount and kind of credits, if any, which are to be accepted. College courses satisfactorily completed through the Defense Activity for Nontraditional Educational Support (DANTES) may be accepted for advanced standing upon the recommendation of the Admissions and Records Office and approval by appropriate faculty members.
