Part II. Analysis of the Program (strengths and weaknesses in terms of demand, efficiency, and effectiveness based on an analysis of the data)

Strengths

- 12 students graduated with a Certificate of Completion in Substance Abuse Counseling in 2007 and satisfied the 270-hour addiction studies education requirement for State CSAC certification.

Weaknesses:

- Lacks FTE BOR Appointed faculty to shepherd and nurture the program to its full potential.
- Lacks sufficient “Perkins-Campus Actual” data to make an informed comparison the “Perkins- State Standards” data.

Significant Program Actions (new certificates, stop-out; gain/loss of positions, results of prior year’s action plan)

- The program offers CCSUBS to Kauai Community College, via VidCon;
- Subs 245, 268, 294 and 295 courses articulate as electives to UH-Hilo’s BA Degree in Administration of Justice.

Part III. Action Plan

- Compete comprehensive 3-year program review and request FTE BOR faculty member;
- Increase enrollment for SUBS program;
- Review SUBS program curriculum;
- Assessment of SUBS courses;
- Request BOR for approval for Planning for AS Degree in SUBS.

Part IV. Resource Implications (physical, human, financial)

The SUBS program needs a FTE BOR appointed faculty. The volunteer coordinator is struggling to devote sufficient time and energy to nurture this special program to its full potential.
